..... DEDUCTION EXPLANATIONS

- TRANSPORTATION - GATHERING: This category typically includes fees and costs to gather crude oil from wells or central tank batteries to a sales hub, trunkline or mainline transportation system.
- TRANSPORTATION - OIL STORAGE: This category typically includes fees and costs to store crude oil prior to further transport to a sales location.
- TRANSPORTATION - GENERAL: This category typically includes fees and costs to transport crude oil from a trunkline or mainline to another trunkline or mainline or a market destination.
- PROCESSING - TREATING: This category typically includes fees and costs to treat crude oil or natural gas for impurities, such as H2S, or CO2 content.
- PROCESSING - GENERAL: This category typically includes fees and costs to process crude oil or natural gas into various products.
- COMPRESSION - GENERAL: This category typically includes fees and costs to compress natural gas in connection with moving it in pipelines.
- ADMIN - 3RD PARTY BROKER FEES: This category typically includes fees and costs related to third party brokers that help obtain market or better "prices" for the sale of oil and natural gas.

"PRICE" stated in the remittance advice is a weighted average value per barrel for oil and a weighted average value per thousand cubic feet for gas. "DEDUCTION(S)" stated in the remittance advice is a weighted average of the fees and costs per barrel for oil and a weighted average of the fees and costs per thousand cubic feet for gas.

Note to Royalty Interest Owners: The amount(s) in the "DEDUCTIONS" column may be greater than the amount in the "VALUE" column; however, the amount in the "NET SHARE AFTER TAXES/ JIB-NET" column will not be negative, as negative amounts are not being assessed against your royalty interest.

Additionally, deduction codes "CMG - Compression, Gathering & Treat" and "TRN - Transportation" may appear in check for historical transactions. Please refer to prior check stubs for pertinent information or contact Owner Relations for additional information. Historical corrections and adjustments will not display a transaction code. Please contact Owner Relations for additional information.
